

PERFORMA EURO SYN

Ultra-Premium Fully Synthetic Gasoline Engine Oil

Product Description

- *PERFORMA EURO SYN* is ultra-premium fully synthetic motor oil synthesized with HFS (High Film Strength) and DI-SYN Protect Technology providing extra film strength to deliver unsurpassed levels of engine protection for the latest technology from European gasoline and diesel passenger cars and SUVs (up to Euro V). It is formulated to be compatible with DPF and after treatment devices, plus enable acceleration response and fuel economy along with prolonging engine life.

Features/Benefits

- Provides exceptionally strong film for engine protection
- Offers excellent lubrication and additional wear protection under all operating conditions. Enhances accelerating performance with exceptional acceleration booster
- Enhances deposit control and consistent cleanliness of engine parts
- Provides high thermal stability and oxidation resistance, excellent protection against filter blocking and sludge formation
- Save fuel consumption
- Extends the service period of catalytic converter
- 20,000 km field proven in Thailand with extended oil drain interval and reduced oil top up

Applications

- Designed for the latest technology from European gasoline, diesel passenger cars and SUVs (up to Euro V) such as GDI and diesel common rail system with DPF.
- Recommended for modern vehicles using gasoline, ethanol blended gasoline E10, E20 and E85.
- Suitable for engine under start-stop system.

Reference Standards

- | | |
|----------------------|---------------------|
| - ACEA C3-12 | - BMW LL-04 |
| - API SN | - VW 504 00/ 507 00 |
| - MB-Approval 229.51 | - Porsche C30 |

Key Properties

	SAE 5W-30
- Viscosity @ 100 °C, cSt	11.7
- Viscosity @ 40 °C, cSt	67.8
- Viscosity Index	169
- Density @ 15 °C, g/cm ³	0.853
- Cold-cranking Simulator, @ -30 °C, mPa.s	6,090
- Flash Point, (COC), °C	240
- Pour Point, °C	-48
- Sulphated Ash, wt.%	0.8
