

PTT Rustprotec M60

Rust Preventive (Oil Base)

Descriptions

- *PTT Rustprotec M60* : is general propose rust preventive oil (Oil Film). It is produce from high quality base oil and rust inhibitor additive that can serve in variety of applications.

Special Properties

- Protected rust and corrosion under high humidity at atmosphere.
- It can be use for rust protect of steel and other metals.

Application

- Application of this oil is usually by spraying, hand paining, or misting.
- It is suitable for protect metal surface during process, storage, and transportation.
- It is suitable for use in automotives industrial and other machine part industrial.

Typical Value

Density @ 15°C, g/cm ³	0.8390
Viscosity, @ 40°C, cSt	9.572
Flash Point, (PMCC), °C	168
Pour Point, °C	-27
Copper Strip Corrosion	1a
Film Thickness (approximate), micron	6.0
Color	1.5
